2010 ANNUAL POTENTIAL SURPLUS REAL PROPERTY INVENTORY (ALL DISTRICTS)

The inventory of potential surplus property has been updated for the calendar year 2010, as set forth in California Government Code Sections 50569 and 54230.

The inventory includes General and Special Fund properties, but not those under the jurisdiction of the Department of Public Works. The Special Fund properties are under the jurisdiction of the Public Library and the Consolidated Fire Protection District. In the upcoming years, it is anticipated that several of these holdings will be sold as the County implements procedures to take advantage of the streamlined sales process available as a result of amendments to County Code, allowing the sale at auction of any County real estate that has a value of less than \$500,000. Such sales would be subject to final Board approval, but will allow for the efficient disposal of the County's surplus real estate through the auction process.

In the meantime, this office is continuing its efforts to dispose of 182 acres of surplus real property in the Topanga Canyon and Malibu areas. These efforts have resulted in a commitment from the Mountains Recreation and Conservation Authority to purchase 127 acres in the Topanga Canyon and Malibu areas to be kept as open space and it is anticipated that entire sale will be completed in the second quarter of 2010. The sale of the remaining 55 acres began in March 2005, with several sales having been consummated during this period. Such sales will continue to be pursued until all of the properties are sold in accordance with the County's stated objective to sell the remaining parcels to the adjoining property owners.

If you have any questions, please contact me or your staff may contact William Dawson at (213) 974-3078.
